

PRIORITY NEWSLETTER NR. 6/ JANUARY 2022

Reaching the PRIORITY project's closure

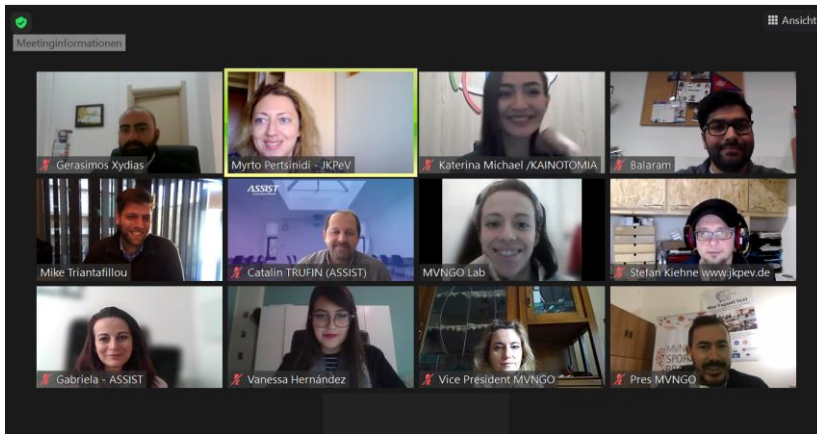

Youth Inclusion Workshops' National Reports & Summarised report from all partners

We are glad to announce the release of the reports of the Youth Inclusion Workshops, that were developed by the four project partners of PRIORITY project: [Jugend- & Kulturprojekt e.V. -JKPeV](#) (Germany), [KAINOTOMIA](#) (Greece), [CSC Danilo Dolci](#) and [Mine Vaganti](#) (Italy) involving young people with and without migrant background. Due to the restrictions imposed by COVID-19, it was not possible to implement all the workshops face-to-face. However, before the beginning of the pandemic, some partners implemented some of these workshops face-to-face and the remaining workshops were implemented online. The workshops and related activities were organised based on the [PRIORITY methodology](#) and [toolkit](#), but also on participants and local context needs. Partners also collaborated with their local stakeholders such as local authorities, youth organisations, reception centres etc that work on the social integration of migrants and refugees. The main purpose was to build a trustful relationship with the young people at risk of marginalisation, including them through the inclusion workshops and thus, encouraging them to become more active citizens.

[The national reports and the summary of all national reports](#) can be found on the PRIORITY website.

6th Transnational Partners' Meeting – January 2022

On the 14th of January 2022, the 6th and final Transnational Partners' Meeting was implemented online via Zoom. The partners discussed the project results and outputs as well as their impact on their local communities as well as on national, European and international level. Partners shared their feedback about the dissemination and exploitation of the project results and discussed how to sustain the project. Finally, they discussed the final steps and pending tasks for a successful projects' closure.
